SKILLS

- Python
- C++ & Java
- JavaScript
- Machine Learning
- Artificial Intelligence
- Cyber Security Fundamentals
- React, HTML & CSS
- Git & GitHub

LANGUAGES

- Bengali — Native
- English — Professional

HOBBIES

- Competitive Programming
- Open-Source Contribution
- AI Research & Tech Blogging

LINKON SEN

Aspiring AI/ML & Cyber Security Engineer

Computer Science and Engineering undergraduate passionate about Artificial Intelligence, Machine Learning, and Cyber Security. Builds practical, full-stack and AI-driven applications through academic and personal projects, and enjoys turning new technologies into real-world solutions.

PROJECTS

School Management System

Personal Project | Web Application

- Developed a web-based system to manage student information, attendance, academic records, and administrative activities.

FoodieExpress

Personal Project | React, TypeScript, Vite, Tailwind CSS

- Built a modern food delivery application with a responsive UI and streamlined ordering flow.

Pacman AI Lab: Minimax, Alpha-Beta & Backtracking

Personal Project | Python, Artificial Intelligence

- Implemented classic AI search and adversarial algorithms for intelligent decision-making.

Inventory Management System

Personal Project | Python, Database Design

- Developed a Python-based system for managing products, suppliers, categories, and stock levels.

EDUCATION

B.Sc. in Computer Science & Engineering

Premier University | Expected Graduation: 2028

CERTIFICATIONS

- Introduction to Modern AI — Cisco Networking Academy
- Intro to Machine Learning — Kaggle
- Getting Started with Cybersecurity — IBM SkillsBuild
- Critical Thinking in the AI Era — HP LIFE
- Python Programming with Web Frameworks — NVIT
