EDUCATION

B.Sc. in Computer Science &
Engineering
Premier University
Expected Graduation: 2028

SKILLS

Python
C++
Java
JavaScript
Machine Learning
Artificial Intelligence
Cyber Security Fundamentals
React
HTML & CSS
Git & GitHub

LANGUAGES

Bengali
English

Linkon Sen

AI/ML & Cyber Security Enthusiast | CSE Student

PROFILE

Computer Science and Engineering student interested in Artificial Intelligence, Machine Learning, Cyber Security, and software development. Passionate about building practical solutions using programming and modern technologies.

PROJECTS

School Management System

Developed a web-based system to manage student information, attendance, academic records, and administrative activities.

Food Ordering System

Built a platform with menu browsing, order management, and database integration features.

FoodieExpress

Developed a modern food delivery application using React, TypeScript, Vite, and Tailwind CSS.

Pacman AI Lab: Minimax, Alpha-Beta & Backtracking

Implemented AI search algorithms for intelligent decision-making.

E-Commerce Application

Created an application focused on product management and user interaction.

Inventory Management System

Developed a Python-based system for managing products, suppliers, categories, and stock.

CERTIFICATIONS

Introduction to Modern AI — Cisco Networking Academy
Intro to Machine Learning — Kaggle
Getting Started with Cybersecurity — IBM SkillsBuild
Critical Thinking in the AI Era — HP LIFE
Python Programming with Web Frameworks — NVIT
